

Dear OJC Student:

In an effort to further protect our student body, the Otero Junior College administration has made the decision that remote learning will begin on Tuesday, November 3, with full implementation by Wednesday, November 4.

Programs and classes exempt from remote learning and will continue to meet on campus will include:

1. ABM
2. Cosmetology
3. Law Enforcement Training Academy
4. Medical Laboratory Technology
5. Nursing
6. Welding

The OJC campus will continue to be open and most business and college operations will continue as normal, including student work study positions. Some offices are transitioning to face-to-face appointment-only through November 16, those include:

1. Student Services
2. Financial Aid
3. Learning Commons
4. TRiO

Students who currently have work study positions can continue to work through November 20. Students who do not wish to continue working will need to submit a letter of resignation to their immediate supervisor. Some offices will continue to utilize work study positions as needed through the end of the semester. Students will need to communicate with their supervisors regarding their ability.

Please contact me if you have any questions. Work hard and finish up strong Rattlers. WE GOT THIS!

**Gary Addington**

Dean of Student Affairs
